# Company Profile

## ABOUT OUR COMPANY

We 2A IT is mainly focused on innovative technology. Our most specialized field is web & Mobile Application solution.

2A IT develops custom software Development, Web application, Web design, Mobile Apps Development, IT Consultancy. Our experienced team will find the simplest, most effective programming or application path without sacrificing performance. We help you think, not just about the present, but about the future. We develop all projects with the most important concept in mind, and business growth.

### **Mission**

To focus on providing solutions that enable our customers to reduce time and complexity in managing the work. To deliver the best and most cost-effective solutions to our clients Passion for quality, dedication to innovation, commitment to employees. To Create Software's that transform ideas into reality Industry leadership through Customer enthusiasm.

### **Vission**

Our vision is our corporate philosophy and our motto of providing next generation IT services. To envision, design and construct the most magnificent software development and web development services; to contribute tangibly in overall success of our customers and provide highest Return on Investment to our customers.

### **Ethics**

At 2A IT Software we believe when creativity, technology and marketing combine through strategic planning incredible results are achievable. With the best interest of our clients in mind, our actions are always focused on conversions & business growth. We focused in quality, clients satisfaction, due time delivery, transparency.

### Our Difference

Lots of firms offer online marketing assistance. We view clients as partners, and our success is only measured by the success of our partners. So, we put it all on the table in order to exceed expectations. We know each new project is a gamble, but there is no one we'd rather bet on than ourselves. At 2A IT Software, our culture matters. And it reflects in our work. Here, jobs are careers, not just a way to pay the bills. The finished product matters to us because it carries our name. We do value our work.

### Our Success

Each of our projects starts with the simple question "How will you measure the success of this project?" Success is critical to our team; whether that success comes in the form of happy clients, loyal site users or solid metrics. To help us better understand the challenges of your project we try to establish not only the goals but what are your current returns, challenges and the opportunities for growth. Our approach has yielded many successful product and happy customers over the years.

### Our Team

We have the right mix of experienced resources as well as fresh minds that bring fresh approach to the table. 2A IT Software employs highly skilled web designers, software engineers, programmers and business developers. At 2A IT Software, we believe that our resources are the building blocks of our organization and they represent the face of our organization. That is primarily the reason we stress upon employing the best minds. Every interaction that the customers Have with our skilled resources.

## Our Specialty

**jobs are careers, not just a way to pay the bills. The finished product matters to us because it carries our name.**

2A IT Software is a company where every solution and service are based on innovation. Our wide range of services that we provide speak volumes about the skills we possess. 2A IT Software consultants and resources possess strong industry knowledge and domain expertise. With a strong focus on reviving the software development and web development market, 2A IT Software intends to use its skills and bring a brand-new approach to the industry.

2A IT Software has a mature understanding and extensive experience designing cross all media. Our design & web development services include;

**High Reliability:** we use the latest in software/hardware technology and have a well-organized logistics structure that makes it possible to effectively harness the skills of our developers.

**High Support & Service:** We provide service and support; we are always ready to provide support on any emergency.

**Moderate Price:** We keep our dev. Cost in-check, and pass over the savings to our customers.

**Fast implementation & Delivery:** We are strongly capable to complete your project in short interval by ensuring 100% quality.
